

# Are You Ready for Winter? We Are.

In town and country – Green Tractors offers you the tools to deal with Canadian winters... and save you time and effort. With over fifty years in the business, we've learned a thing or two about moving snow.

## A variety of snow solutions for many different goals

If you are “in-town” and a walk-behind snowblower or lawn tractor-mounted snowblower would be a winter morning’s dream... we’ve got the tough, winter-ready models to help make that dream a reality.

Perhaps you are on the farm and your laneway is far beyond using the old shovel? Come see what attachments we’ve got for your tractor, utility vehicle or truck. Your shovel may soon be retiring.

Do you move snow commercially? We have perfected the snow tractor, the snow skid steer and the snow gator. Boss Plows for your truck – heavy-duty, best-in-class. And that’s just the tip of the iceberg. We stock plenty of the equipment you need to meet your contract commitments.
